

CONSTANTINOU BROS PROPERTIES

Company Profile

About

Constantinou Bros Properties was founded by Andreas and Agathoclis Constantinou in 1979. The company started with the construction of commercial offices, shops and residential apartments projects in Pafos. The company later expanded into constructing a number of leisure hotels and it currently manages its own hotel chain in Pafos, operating four luxury hotels. The company has also developed a wide range of luxury residential villa and apartment projects in the Pafos region and offers a complete architectural and design service for discerning home buyers looking for a holiday home, for permanent residential use or simply for investment purposes.

The company has built over 220 centrally located shops, 320 quality apartments and more than 1000 luxury villas. Around 200 plots of land have been divided and sold.

Current Projects

The company has built over 70% of the property existing on the sea front of the tourist and commercial area of Pafos with hundreds of apartments and shops, as well as, luxury villas with pools and landscaped gardens.

The current company projects are as follow:

- Asimina Park
- Konia Hills
- Konia Panorama
- Konia Sunset
- Konia Residences
- Georgos Complex
- Konia Luxury Houses

Our Competitive Advantages

The unique location of our projects.

The skills, abilities, long experience of our management team in the real estate industry of Cyprus.

The reputation of the Constantinou Bros Group, a brand enjoying high respect in the local market, which also acts as a guarantee to the potential buyers of our projects.

The exceptional relationship with banks and other industry partners which ensures a smooth, high quality uninterrupted process.

The affiliation of the Group with recognised real estate agents of the UK, Russia, China and the other parts of the world plus the existence of direct points of sales operated by Constantinou Bros Properties Plc.
